Summer Break Newsletter!!

Lee County School District

June 2, 2023

Important Dates

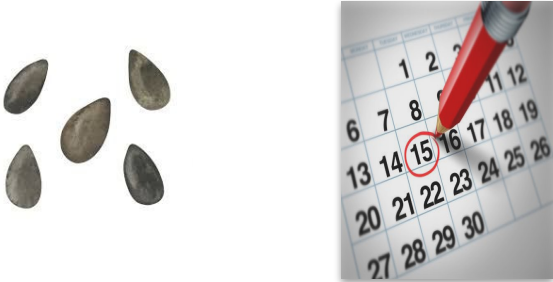

June 5th & 6th Early Dismissal Days

June 6th End of Fourth Quarter & Last Day of School for Students

June 7th Professional Duty Day

August 2nd First Day of School for Teachers

August 10th First Day of School for Students

Royal Palm Mission

To work in partnerships with students, family and the community to ensure that each student acquires the knowledge, skills and core values necessary to achieve personal success and enrich the community.

Mr. Moretti | Principal

Dear parents - We at Royal Palm have spent many hours creating, planning, and practicing for an emergency that may take place while your children are at school. Our number one priority is the safety of our students and staff. Each month we take valuable time to practice and prepare for code red, fire and tornado drills. In the event of an emergency at school that requires you to pick up your children, you will receive a phone call from parent link informing you about the emergency and giving you appropriate directions. This is why it is so important to update your emergency information with the school. If you have moved or changed your contact number please contact the school with that information. Thank for helping us ensure your children's safety at school. **Robert Moretti - Principal Royal Palm School**

Mrs. Wilson Assistant Principal

Dear Parent/Guardian, as the 2022-2023 school year comes to a close, I would like to take this opportunity to thank each of you for your support over this past school year. It takes a team, and together we made great things happen this past school year for our students! It's amazing to me how quickly time goes by. I would like to wish each of you a safe and happy summer break, and I look forward to continuing to work with you in the next school year.

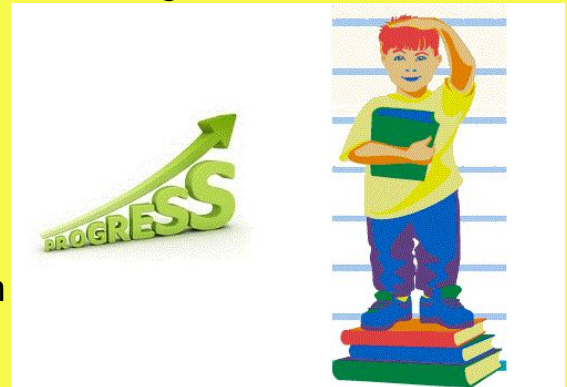

Latoria Wilson
Assistant Principal Royal Palm School

Classroom News Elementary

Ms. Peterson and Ms. Jerger
5th grade

Dear Royal Palm Families, It has been another great year, considering all of the obstacles we have had to hurdle. Our students have made really good progress this year. I am very proud of not only their academic progress, but their behaviors in the classroom. I certainly have had a great group of students this year. As we head into summer break, please continue to read to your child. I am sending home some activities to work on over the break. I hope you take the time to work together on them. Have a safe and wonderful break!!
Sincerely, Mrs. Peterson

Ms. Brensinger, Ms. Matheson, & Ms. P. Hawkins
1st & 3rd grades

The fourth quarter is quickly coming to an end and it's almost time for summer break! We have had a great year watching our students learn and grow academically and socially. We are all looking forward to a little relaxation time, but please remember to find some time to practice those reading, writing, and math skills that we have worked so hard on! If you're trying to keep your student active you can register at <https://www.kidsbowlfree.com/> for two free games of bowling each weekday or at <https://kidsskatefree.com/> for a free roller skating session on the weekends. Some other ideas to help keep students learning are playing board games, doing arts and crafts, cooking, exploring outside, visiting local parks, and taking field trips (even virtual ones). The Lee County Library offers a summer reading program for kids, if you are interested, more information can be found at: <https://www.leegov.com/library/summer-reading-program> We hope you all have a fantastic break and we look forward to seeing you in August.

Ms. Castro
Mental Health Professional

Hello, Royal Palm family!

Happy Summer! My name is Vanessa Castro and I am your school's Licensed Mental Health Professional. Summer is the perfect time for your student to recharge after a long school year. Some activities that can you can partake in with your student during the summer to improve mental health are: go to the beach or pool/waterpark, put together a summer reading list and see how many books you can read, start a garden or plant some flowers, or keep a journal of your daily activities. We look forward to seeing your student in August.

FortifyFL

FortifyFL is a suspicious activity reporting tool that allows students to instantly relay information to appropriate law enforcement agencies and school officials. Through the easy-to-use FortifyFL app or via the school website, students can use a simple 4 step process to provide a description of the threat, share photos and videos, and optionally submit their contact information. Their tip goes to local school officials, and local law enforcement receives a copy of the tip automatically. State-level officials also have access to the tip information to make sure proper steps are taken. Download the app or go to <https://roy.leeschools.net/>.

Classroom News Elementary

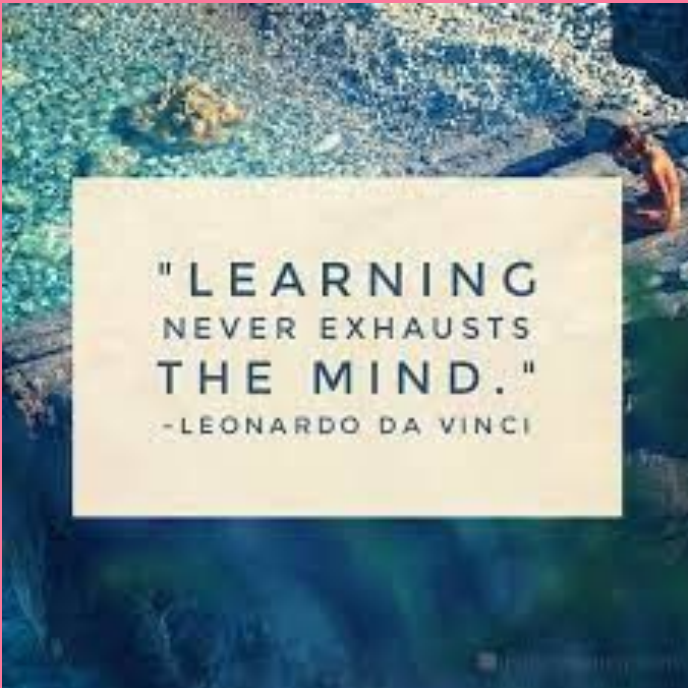

Ms. Wadley-Jackson
3rd Grade

Mrs. Wadley-Jackson's 3rd Grade class is still continuing to practice how to be good students. Our students are learning daily, we are spiraling back with Multiplication using Arrays, telling time, pictographs and line plots. As we near the end of the school year the students are working very hard so they can do well on the FAST assessments. My students are all wrapped up with the reading portion of the FAST, now they are practicing all areas of math for the math FAST assessment that will be given on May 18th. . Hence, Science is my students' favorite subject, they love to learn plant life functions and how they grow, as we have a garden of tomatoes, eggplant, bean and squash in which they water and pick the fruits of their labor. In Social Studies the students are well on their way to learning about the three (3) branches of government. In addition, our students are continuing to discuss how to interact properly with their classmates and others. They have been learning many strategies on how to be productive in their young lives, and how to make good choices in school and at home.

Mrs. Barnes and Ms. Tindal
3rd Grade

We are ready to relax, rest, and have a fun-filled time. The students have worked diligently during the school year being engaged with class lessons, extra curriculum activities and modifying their behaviors. They have made many positive changes in academics as well as behavior. We would like to extend a HUGE Congratulations to one of our male students, as he will be exiting the Palm at the end of this term. During the year we did not have many changes to the configuration of our group, however, we did incur a new student. Additionally, we inherited interpreters, Mrs. Hadassa Gilliland, AKA, Mrs. H, and Dr. Carol. We welcomed their addition as they added extra flavor and decorum to our class.

It's
SUMMER
Time

Classroom News

Elementary

Ms. Perl and Ms. Harris
4th grade

Our students have shown a lot of excitement and interest in their school work since the beginning of this academic year. In math, we have begun to work on geometry and reviewing addition and subtraction facts to get them thinking about math again. The class has also been increasing their vocabulary by using a dictionary, weekly spelling tests, practice reading orally as well as improving their handwriting skills. In addition, the students do a daily journal entry/writing prompt which helps them with their writing and grammar skills. The students are beginning to work on our current science unit on flower and plant reproduction which will include follow up interesting review videos. The upcoming social studies unit will have the class learning about the geography of Florida and labeling the important geographical places in our state. Our monthly social skill unit is on acceptance where we discuss the importance of respecting one another and realizing each person is important and offers interesting and wonderful ideas to our class. Please have your child read every day for at least fifteen minutes. We are very excited to work with your child and I know this year the class will continue to work on their individual educational and socialization goals.

Mrs. Richardson and Ms. Fettig
5th grade

Spring is just about over and our class of explorers and adventurers are getting ready for the summer. After making toy robots for our Science fair, we went on our spring break. Upon return, our class visited places that others had traveled (and places we'd like to go), through the window of our Smartboard. Stories of actual experiences were shared, (as well as dreams for future travel). For Mother's Day, we made cards with 3D flower stickers, markers, and stencils, and we also made monogrammed t-shirts for our moms with iron-on fabric.

Our academic journey included finding text evidence in our reading, as we learned how archeologists find evidence of past civilizations. We visited the mysterious Maccu Piccu, and NASA, in our reading journey. We learned about genetics and DNA in plants and animals, and how to find volume. We created graphs and interpreted data from graphs, and we also learned how poets use similes and metaphors in poems, to give readers a visual experience.

Mr. Eady and Ms. Woodard
5th grade

It is hard to believe that the end of the school year is here. The students have worked hard and put in a lot of effort this year. Our fifth grade students are anxious to end their final elementary year and start their middle school journey. To all of our students, we wish you the very best for the next school year. Have a wonderful summer!

Dr. Scheller and Ms. Anderson
6th grade

What a fantastic year! All students have demonstrated growth, both academically and behaviorally. Please make sure you review your child's point sheet each day. Provide praise when they earn points at school. When students earn no points at particular places on the point sheet, talk with them. What did they do? What can they do differently? No person is perfect and mistakes will happen. It is important to acknowledge mistakes and strive to improve. As motivational speaker Les Brown has stated, "You can always better your best!"

Classroom News

Secondary

Mr. Weigand and Ms. Wells
6th-8th Language Arts

It is hard to believe that we are in the home stretch of another school year. With each passing year the time seems to go faster and faster. Where does this time go?

As we embark on the 4th quarter in Language Arts, our goal is to continue to help students become more proficient in the writing process. Students will be working on essays that focus on character education traits such as setting priorities. We will also be focusing on sentence writing, particularly in terms of how to create sentences when presented with incomplete phrases.

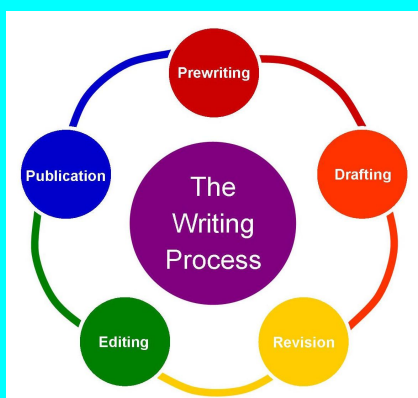

Students will continue to work on their biweekly IReady Lessons. When these are given students are asked to recall key information given in the lesson and to tell the real -life application it can have.

The 4th quarter is also the time each year when students can participate in the optional report assignment for a free lunch. In previous years students were asked to complete a book report, but this year the option has been expanded to allow students to write on a topic of choice to them. Reports are due on or before Friday May 19, 2023. The participants will receive their free lunch during the week of 5/22/2023 (Monday) to 5/26/2023 (Friday).

Though we will be on summer break beginning on 6/7/2023, the summer represents a great opportunity for students to continue to sharpen their skills. Here is a link I would like to share with you that provides ways for students to continue their learning this summer.

<https://www.educationworld.com/teachers/10-ways-keep-learning-going-summer>

Miss Wells and I wish you a wonderful summer vacation. We hope this summer provides you with great enjoyment and relaxation. We look toward the 2023/2024 school year with great anticipation.

Ms. Kunze and Ms. Hayes
6th-8th Social Studies

Well some will say “Finally!!” and some will say “Already??” but yes, summer break is fast approaching. This is always a much-needed break for all. Families, enjoy the down time with your child. Relax and spend some fun time at the beach, or even just the backyard. This is a good time to reconnect and listen to your child. Relax, read books, talk and reconnect this summer. Enjoy your time off and we will see you in August, refreshed and ready to start a new year of learning and new adventures.

Mrs. Morales-Kiesinger and Ms. Candelaro
6th-8th Mathematics

Greetings Parents and Students! I would like to give a BIG “shout-out” to all my math students and parents! I am so amazed with the joint efforts of both parents/guardians and students in making this school year successful. Ms. C. and I could not be more proud of our students! Congratulations to our 8th grade students who will be moving up to high school! If you would like to work on your math skills over the summer break, I highly recommend the online program, Khan Academy. Khan Academy offers practice exercises, instructional videos, and a personalized learning dashboard that empowers learners to study at their own pace in and outside of the classroom.

I wish you all a well-deserved summer break and I truly look forward to seeing my students back at school during the next school year!

Ms. Brown and Ms. McMillian
6th-8th Science

Happy Summer Break!! To help your child investigate science, spend time completing fun at-home science-related activities. They could be cooking a meal with a recipe, watching scientific shows like the Discovery Channel, or doing at-home science activities together. Take a look at this website:

<http://www.sciencekids.co.nz/experiments.html>

for ideas. There are many places to visit around the local area like the Calusa Nature Center, IMAG, and Echo Farms. Always remember safety first when doing experiments!!

Classroom News

Secondary

Ms. Baez and Ms. Gadsden
6th-8th Reading

Dear Students, Parents, and Families,
What a year? I want to start by saying **THANK YOU** to all parents, guardians and students. Definitely you all were the shining stars during this past school year. It was a pleasure to work as a team with all of you. During the summer break continue to read 20 minutes a day on anything that you choose. Stay safe, relax and enjoy your summer.

Dr. Moore and Mrs. Miller
9th-12th Life Skills

There are many ways to keep learning during the summer months. The Lee County Library System is a place to start. Parents can obtain a free library card for all of our students. Once they have a card, students will be able to borrow books, use their computers, check out DVDs and CDs, and access their virtual library. By taking advantage of these types of resources and integrating them with a digital library platform, students can have access to an even wider collection of materials and information.

Remember to play or exercise each and every day. Physical activity helps increase the production of your brain's "feel-good" neurotransmitters, called endorphins. Although this function is often referred to as a runner's high, any aerobic activity, such as a game of basketball or a nature hike, can contribute to this same wonderful feeling. Have a great summer vacation.

Ms. Migdal and Ms. Lader
6th-8th Career

Greetings,
In our careers class, we are continuing to look at different careers. We are also listening to motivational speeches; learning how to tap into their strengths and learning to cope with problems they encounter. I have exposed the students to a plethora of jobs and job-related information. Several of the students have part-time jobs as a result of applying online in the classroom.

Mr. Jensen and Mr. Vandeveld
K-6th Life Skills

Greetings- the end of another school year is rapidly approaching. My students, parents, administration, and paraprofessionals have all done a super job during this atypical school year. To all the parents, I really want to thank you for all of your hard work and dedication to your children's success. Special thanks to Mr. Vandeveld for being instrumental in our students' success this year - I cannot thank him enough. I look forward to seeing most of you at the beginning of the next school year, so until then, stay safe, healthy, and have some fun.

Ms. Senat, Ms. Robinson, & Ms. Riley
8th-12th Life Skills

Hello families from Life Skills Room 313,
This Spring we are learning about the U.S. Mint and Dollar, understanding base ten, fiction vs. non-fiction books, community signs, and global conservation efforts. One way to help students learn more about conservation is to have them sort any plastic and paper, shut off water when not using, and turn off lights when not in use. To encourage identifying community signs, point out any signs such as the stop sign, traffic lights, and crossways. Families, we appreciate all of communications we have had. Congratulations to our seniors! Enjoy a sweet summer!

Classroom News

Secondary

Mr. Brown and Ms. Blue
8th-12th Science

The High School Science Department at Royal Palm would like to congratulate the students of Royal Palm for successfully completing the 2022 through 2023 school year, especially those students who are graduating this year! Our students have consistently achieved high academic scores and have shown great attitudes towards school. Additionally, students have shown an increased potential to succeed during this past school! We wish you a safe and enjoyable summer vacation.

Mrs. Eddy, Ms. Rawson, and Ms. Thornton
Elementary Life Skills: grades 6-9

This school year has flown by! We are very excited that we have learned so much throughout this school year! We have dealt with a lot as a community following the devastation caused by Hurricane Ian and Tropical Storm Nicole. We came back ready to learn and worked hard to get back on track with our academics and social skills. Please review our crafts and emergent readers we have been working on in the classroom, which are sent home in our daily folders. We can look over them over Summer Break to continue to work on reading.

We have a new Helping Teacher, Ms. Rawson, who has helped fulfill student accommodations by providing the necessary supports for academic success for all students. We have completed our standardized testing to the very best of our abilities. Please remember that these tests are just one measure of our abilities. We are so much more than one test score of the school year.

We have many students who will be transitioning to High School level academics after Summer Break. We will also be saying farewell to some of those graduating students who will be leaving Royal Palm to attend programs that will meet their specific academic and social communication needs at their current levels. We wish them the very best of luck and hope to stay in touch!

Please make time to read with your child daily and ask them about their day.

They are so proud of their crafts and are happy to share your continued support! Have a great Summer Break! See you for Summer School or in August for the new school year!

Mr. Kovacs
8-12 Math

This year had a rocky start but we got through it. I hope you all had a successful and productive school year. Over the summer don't lose what you have gained, practice simple stuff like count your change and estimate your sales tax. You can even check your answer by looking at your receipt. Most of all relax and I'll see you next school year.

Subtotal	\$43.00
Sales Tax	\$2.78
Sales Tax	\$1.20
Tip	\$8.60
<hr/>	
Total	\$55.58
Online Store 1400527890 (Manually Entered)	
	\$55.58

Ms. Strykiewicz and Mr. Buckley
8-12 English

Travel for free this summer to anywhere in the world! A good book can take you on an adventure, and it won't cost you a dime. Both the school libraries and the Lee County Libraries have in-person and online browsing and borrowing options. There are some benefits to borrowing your books online. You and your child can browse the books from the comfort of your couch, even when the library is closed. The books are also automatically "sent back" by the due date, so there are never any late fees. If your child has the book app on his/her phone, then they can read anytime and anywhere. Happy travels!

Ms. Alexandre and Ms. Sneed
8th-12th Social Studies

Greetings to Parents and Students!!! As the year comes to an end, I want to take some time to reflect on all the wonderful things the students have accomplished throughout this school year. Of course, it is a big challenge to come to school every day based on the circumstances that we are surrounded by, but overall, it has been a remarkable success because we live through it. I am glad everyone is healthy and safe in our building. However, we must remain active and vigilant to stop the spread of virus. For those students who come to school every day I want to thank the parents and guardians who are doing their best in such unprecedented times. For sure Ian has left its mark on us, but overall, we have survived and will thrive. That said, I want to reassure you that I have done my best to help your children learn all they can in social studies to be great citizens and make a difference in our society. During the summer, I want to inform you about the opportunity to take your children to the library to check out books to read. You can also use this time to relax a little and take the kids to some outdoor activities. I wish you a great summer!

Classroom News

Secondary

EPA 40 CFR 763

Per the Code of Federal Regulation we are required to put a notice out to students and parents stating the following: This school has been recently inspected and certain asbestos-containing materials or assumed to be asbestos-containing materials such as: fire doors or roofing materials that are tested prior to repairs or removal as needed, have been located in the school buildings. Please be aware that the School District of Lee County has an active management plan designed to ensure that the building is maintained safely for all occupants. These materials are being controlled in accordance with the Asbestos Management Program for the School and following the limitations and procedures of the policies and requirements of the Asbestos O&M Program . The report list the location, quantity, and condition of all known materials and contains the details of the control procedures and is available at the school office for your inspection during normal school hours. Copies of the school's asbestos file can be supplied to you at a cost upon submittal of request.

Ms. Gilmore 8th-12th Reading

It is hard to believe we are in the final quarter of the school year! The start of the fourth quarter always makes me stop and think, "What happened to the year?" This school year is no exception. It has been a great year from my perspective. The students that attend Royal Palm and the people that work here make "The Palm" truly a great place to be! Enjoy the summer, the change of pace, and use the summer to maintain your child's interest in learning and their skill levels. Their success next school year depends, in part, upon your willingness to encourage and assist them this summer. Families should encourage their children to continue reading and practicing literacy skills. To ensure your child is reading, read with your child. Have them read to you aloud and you can read to them as well. Ask them to name the characters in the story and describe their personality or behaviors. You can also check your local library as they may offer some type of summer reading program. Lastly, to all parents and guardians, we want to thank you for all the support and flexibility you have provided for your child through the first half of the year as we look forward to finishing strong. Please do not hesitate to reach out to us regarding your child's success!

Mr. Ramos Physical Education

I hope everyone enjoys their summer break. In our class, we worked on spatial awareness, basketball skills, football skills, volleyball skills, soccer skills, and hand-eye coordination using tricycles (younger elementary). The students have shown an interest in being out of the classroom for a while and having fun in the sun, as well as being able to play in the gym on rainy days. Please make sure to hydrate your students at home with lots of water while they're playing. Encourage frequent breaks in video game play by having them do some exercises every 30-60 mins of video game play.

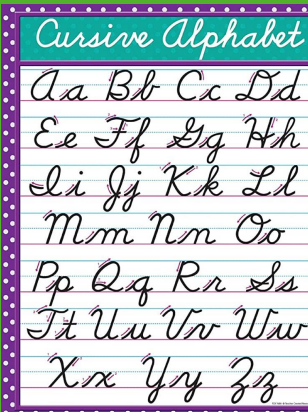

Mr. Murph Behavior Support

We've been together five days a week for the previous 10 months, and change is never simple. I'm hoping that discipline helped you become more resilient. I sincerely hope that you felt secure because of the kindness of your teachers and your classmates. I hope that school was somewhere you liked going. Have a great summer!

Ms. Jarman 6-8 Career

I hope everyone has a great summer. This school year in our class, we worked on teaching our students how to apply for a job, write in cursive, how to get an apartment, debit and credit cards, etc. We have also learned how to interview for a job and how to make change. We would like to see our students work on using cash to pay for items, whether it's clothes or food, and understand how much change they should get back. We look forward to hearing how many of our students applied for, and/or got, jobs over the summer.

Additional News

Mr. Mike Bursztyn
Title 1 Parent Involvement and Family Engagement

To all parents and guardians, a big THANK YOU if you responded to my many flyers, school website information postings and surveys, and School Messenger phone calls, texts and e-mails during the 2022-2023 school year. If you attended one or more of Royal Palm's parent workshops, on-campus student activities and events, IEP meetings, and/or SAC meetings, please look in the mirror and congratulate that wonderful person staring back at you! Your involvement, feedback, and input was very important around events like Open House, the Annual Title 1 Meeting, Science Fair, Read Across America, Touch-A-Truck, and a variety of parent workshops presented by Donna Djerf, Cindy Michaels and Renae Seguin from the district ESE Department. We also appreciate those of you who participated from a distance by providing on-line (Google Forms), Zoom Meeting, or paper surveys input regarding our school's Parent and Family Engagement Plan (PFEP), School-Parent Compact, and Title 1 Budget for the 2023-2024 school year. Your child performs better academically, socially and behaviorally if you regularly communicate with school staff and participate in Royal Palm events and activities. We need MORE parent involvement at our school, so please don't ignore the opportunities that will be provided for you. Here's to looking forward to seeing you at our on-campus events, meetings and workshops next year. In the meantime, have a safe and relaxing summer.

Mrs. Meltzer
Reading Coach/Media Specialist

While summer is a time to rest and relax, it's also a good time to keep up and build your child's skills by reading. A lot of the computer programs they use in school will be available to them at home over the summer. You can check these out at Launchpad.leeschools.net using their username and password.

Once again the Lee County Library is offering a summer reading program with prizes. For more information: <http://www.leegov.com/library/summer-reading-program>
Here's another fun way to encourage reading:

Magical Summer BINGO

COME TO A LIBRARY PROGRAM	WATCH A DVD BASED ON A BOOK	READ A BOOK RECOMMENDED BY A FRIEND	READ A BOOK OF YOUR CHOICE
READ A GENRE THAT YOU USUALLY DON'T LIKE	RE-READ YOUR FAVORITE BOOK	TAKE A BREAK AND GO OUTSIDE	READ A COMIC OR GRAPHIC NOVEL
READ A BOOK OF YOUR CHOICE	READ A BOOK WHERE THE MAIN CHARACTER HAS A DIFFERENT GENDER THAN YOU	READ A BOOK OVER 250 PAGES	ASK A STAFF MEMBER FOR A RECOMMENDATION
MAKE YOUR OWN GOAL AND COMPLETE IT	READ A BOOK IN AN UNUSUAL PLACE	READ A MAGAZINE	Free Space

Additional News

Mrs. Millins
Behavior Specialist

Hello Royal Palm families!!!!!! Once again it has been a trying year with not one but TWO hurricanes!!! Summer will be a well-deserved break but there are many things that families can do together to help continue working on positive behaviors. Make sure there are clear rules and expectations at home (predetermined bed time, chores, routines/schedule, limited screen time, regular bathing and teeth brushing). If you have a plan in place before your children begin summer, your life will be easier and you will be promoting positive choices! Let's have a wonderful summer and continue modifying those behaviors!!!!

Mr. Kleinmann
School Counselor

Hello Royal Palm Students and Families,

What a year it has been - proving yet again how incredibly strong we all are together, still standing. I know that some of us cannot imagine that we would have even been through as much as we have in the last few years. I'm glad if you're here reading this. Moving into the Summer - it is a great opportunity to focus on relaxation as well as picking up new desired skills. Talk to your student(s) about their interests and try to foster those interests. We will be holding Reading Camp for students in Grade 3 who need to making reading gains in order to reach the 4th grade. We also will be offering Summer Virtual Credit Recovery for students in 8th and 12th grade who are in danger of not being promoted. If you are looking for some Summer fun for your student(s), then please reach out to me via colinjk@leeschools.net for a Summer Brochure. I would also like to congratulate our Seniors who have earned their Standard Diplomas this year - more students than ever have reached the finish line - CONGRATULATIONS GRADS!!

Out-of-Field Teachers

According to Florida Statute 1012.42, we must notify parents of students who are being taught by out-of-field teachers. A teacher is out-of-field until the coverage/endorsement for a class that he or she is teaching is issued by the state of Florida. In addition, the certification and/or endorsement must appear on his or her teacher certificate. Individuals who are teaching out-of-field are certified in a least one area and are qualified to teach, but are required to take additional coursework or testing to add a coverage/endorsement to their certificate. Please contact the school, 239.337.3511, if you need further clarification. The following teachers have agreed to teach out-of-field while completing coursework and/or testing. Out of Field and Not Highly Qualified (NHQ) —ESOL (Endorsement), Essie Barnes—ESOL (Endorsement), Roderick Eady—ESOL (Endorsement), LaToya Gilmore— ESOL (Endorsement), Bethy Senat—ESOL (Endorsement), Karen Strykiewicz—ESOL (Endorsement), Wendy Wadley—ESOL (Endorsement), and Bradley Brown ESE k-12 and ESOL Endorsement.
